

LEADERS' MEETING

KEY POINTS

- Keep the fervency of prayer
- Make no small plan
- Greater expression of healing in the life of the church (and Ps Jono)
- Supernatural provision—the old brook is dried up but God is bringing us into supernatural provision
- New dimension of influence, authority and provision
- Extension to building
- Harvest of wheat—God wants to bring more people in—people who will be here for the long haul
- Greater depth and weight and worship in the spirit
- International (not just people coming into the church, but sending) Nations of Malaysia, Borneo, Taiwan...could be something as small as a life group.

PROPHETIC WORDS FROM SYNERGY 2021 BY PS COREY

- ICC, you are coming into a Kairos season...you got to keep the spiritual pedal to the metal. You got to keep the fervency of prayer because there is breakthrough on the other side. You got to prepare for 2022, Make no small plan. God is wanting to expand you, enlarge your influence and territory.
- I believe there is going to come a greater expression of healing in the life of the church. I believe there is going to be an outpouring of particular, signs and wonders in the arena of healing. I see even some healing services. I see you anointing people with oil. I see people bringing their loved ones in wheelchairs. I see a move in the spirit. God is bringing to you a window of opportunity to prepare in prayer for 2022.
- 2022 is a breakout year. 2022 is not a year, not business as usual. God is up to something new. As you transition out of this season into a new year, God is wanting you to see and possess the promises that He has for you...

-
- The Story of ELIJAH was commanded to go to the brook and the ravens would provide for him - the river brook dried up and now I want you to go to this town and go to a widow with a young son who will provide for you - supernatural provision.. The lord is coming to you as individuals and as a church... SUPERNATURAL PROVISION.
 - The brook where you used to dwell... it's dried up. But I am bringing you to supernatural provision - coming into your lives... Into your CHURCH... Ps Jono and Deb, there is supernatural provision coming into this house. God is going to pour out supernatural provision. There is an anointing for resource upon this house. I feel like there are some old relationships, some old networks, some old connections, even in the wilder community that have been sources of provision. But the Lord says, I am cutting off and shutting off, because I am bringing you into a place of miraculous, supernatural provision in 2022.

-
- The Lord says, don't rely upon things you once relied upon. I am increasing your faith, I am bringing you into a new dimension of influence, authority and of provision. Not only that I am going to provide to you, I am going to provide through you.
 - I see an extension to a building taking place.. I see an extension to a building ...I see some building work.. I am wanting to add and build and bring MORE PEOPLE IN...
 - I see the house and family getting bigger, more sons and daughters in the house, more aunties and uncles, mums and dads coming into the house.

-
- I see God wanting to bring a harvest. I saw a field. WHEAT - I saw a harvest of wheat, ... I am sifting the church in this season. I am sifting those who will be here for the LONG haul vs those who would be here for the short term.
 - There will be a harvest into the church - that is going to be here for the LONG TERM.
 - New expression, a new mantle. New fire coming upon you.
 - There's a new fire. The next season will be marked by energy and passion of the spirit of God. I see there's a greater weight and depth and worship in the spirit factor over the church. I release that over your lives.

SYNERGY SATURDAY (FOR JONO AND DEB) BY PS COREY

- I thank you so much for this couple. Thank you for the heritage and their families. I pray for a greater apostolic mantle to be imparted. I feel the Spirit of God Lord wants me to impart a greater measure, a greater anointing for the coming season. Those even in your peers and colleagues that have misunderstood your heart and put you down at times and you felt like you have been excluded from things. The word of the Lord is coming to you saying—that you ever seen before in your ministry. I will fight your battles for you, I will defend you and I am anointing you with a greater apostolic grace. The ministry of healing is going to start to develop with more potency and repetitions.

-
- You are known as a preacher and teacher and that will still be strong. But the word is coming on you that you are going to move in signs and wonders and healings. Sick bodies are going to be healed and lives are going to be transformed. The overflow of your secret place...God will reward what you stored up in the secret place...you sought God and you pray together and as individuals. And the Lord, I am going to release out of the overflow of your faithfulness in the intimacy with God over the years. I am going to release a new grace, a new fruitfulness and a new anointing, a new effectiveness on your life and your ministry. Father I pray today that their family will be strong, their marriage will be strong...we are contending for revival to come.

- 
- We pray for an outbreak, what's happening right now. There will be an outbreak of signs and wonders and healing.

PROPHETIC WORD BY PS JOSH FERNANDEZ (SAT MORNING)

- I saw a picture of a mountain. I saw a snow-capped mountain. I saw people on that mountain climbing to quite a high heights on that mountain. There were people with backpacks. And the beauty of that mountain top experience was that there's an incredible ability to see far and beyond. When I was asking the Lord about this...I felt the Lord says not just for the pastors and leaders but there are many people in that ...that have been into intercession, into the prayer closet, into the secret place...keep doing that.

-
- There are even more peaks you are yet to see. And the beauty of climbing that mountain is that you are to see further than you ever seen before. I really see coming upon your church two things:
 - Number one, an unction for greater healing and miracles. I had a witness in my spirit when I heard from Ps Corey and Ps Jono. I also see a greater ability to see with greater discernment...that will come as you continue to climb the mountain of prayer and intercession. Never underestimate the little window you get from God in the night hours. When you are sleeping and you get a dream or you are driving and you get a random scripture verse or a part of the song that you are singing and something stirred in you and awaken your heart to cause you to sing prophetically forward.

PROPHETIC WORD BY PS JOSH FERNANDEZ (SUNDAY NIGHT)

- I saw the name International City Church. I saw International in capitals. I really feel that the Lord is going to expand the international nature of ICC. It's not just going to be international in the house. I believe that you are going to have more nations than the ones that you have seen currently. That is going to increase. The name of your church is prophetic...I saw International in capitals, in bold. I am not sure what is the strategizing ...I see South East Asia nations increasing...not just people coming to International City Church...you are a sending and planting church. That's part of what's in your DNA. That's something apostolic in this church.

-
- I saw it on Ps David and Jeannie, I also see it on you Ps Jono. Don't underestimate the jacket that is on you and you are continually growing into that. I saw the nations of Malaysia, Borneo and Taiwan. I know right now in this season; we are not talking about travel. We are not talking about travelling and planting...we are talking about home base. But be mindful of those right now being planted overseas and coming to you. Pay attention to those connections. Don't be surprised if people come to you...will you plant something here...even if it is something as small as a life group or a Bible study group. People willing to pray, people connect to your spirit, the chemistry of International City Church.
